MSPM-CBL-2025-12-20-001

SUMMARY

This is a sample Cable used to validate the build pipeline and the locked format.

FACTS

- Source Markdown is ASCII-only.

- The build produces HTML, PDF, and a feed entry.

- The SHA-256 value is computed from canonical text derived from this source.

ASSESSMENT

This repository scaffolds the end-to-end artifact generation and strict lint rules.

OUTLOOK

Future Cables replace this placeholder content with operational situational awareness.

Verification

UTC: 2025-12-20T14:30Z

SHA256: D268278243A23C06D3F7357ACFC2BCFC00F2526FA1CAF9A1175E60A628C1FF61
